

April 17, 2020

Greetings YCP Families,

It is my sincerest prayer that you and your loved ones are safe and well during this pandemic.

I have been honored to serve the Yellowstone College Prep (YCP) community as the ELA Instructional Coach, and now I am humbled and enthusiastic to become your principal. It is my belief that scholars have the highest opportunity to excel when they are held to a high bar of excellence both academically and as individuals. My goal as principal is to work with you to co-create systems, processes and structures that enable YCP to continue to live its name as a college preparatory campus.

One of my favorite quotes is by Dr. Martin Luther King Jr., "Intelligence plus character, that is the goal of a true education." I believe that our values and mission speak to the intelligence and character that Dr. MLK Jr. was referring to for our scholars. Scholars reaching their highest potential is part of our mission and what we will emphasize going into the 2020-2021 academic school year. We will create an oasis where we all model our values: Positivity, Responsibility, Integrity, Determination, and Excellence for our scholars.

I look forward to learning more about the desires you have for our scholar(s) at Yellowstone College Prep and working collaboratively to support our scholars in having a successful school year and future.

Together we will inspire, empower, and invest in our scholars, so that they can live choice-filled lives. I look forward to our continued work together and in the meantime, stay safe, and be well.

Sincerely,

*Mesha White, M.Ed
Principal, Yellowstone College Prep*
