1. Vendor shall adhere to the free and reduced-price policy requirements as established by USDA.
2. Vendor may make recommendations to the Schools regarding the quality, extent, and general nature of the food service operation and the prices to be charged for meals and other food, but the Schools will retain control over such aspects of the food service operation and shall have the right to make the final decisions regarding such matters.
3. Vendor shall comply with the Buy American requirement set forth in 7 C.F.R. § 220.16(d).

Buy American (must be included in final contract)

Section 104(d) amended section 12 of the NSLA (42 U.S.C. 1760) to require SFAs participating in the NSLP and SBP to purchase for those programs, to the maximum extent

practicable, domestic commodities or products. For purposes of this provision, the term "domestic food commodity or product" means agricultural commodities produced in the U.S. and food products processed in the U.S. substantially using agricultural commodities that are produced in the U.S. (over 51 percent of the processed food comes from American produced products). The VENDOR shall certify the percentage of U.S. content in the products supplied to the SFA. The SFA reserves the right to review vendor purchase records to ensure compliance with Buy American provision. The VENDOR shall comply with the Buy American provision for contracts that involved the purchase of food as required by Title 7 CFR, part 210.1-33.

If the distributor, supplier, or vendor is repetitively unable to provide domestic food products, the Schools may consider this inability to provide domestic food products in determining if the entity is able to fulfill the specifications, technical requirements, and term and conditions of the contract. It is the Schools' responsibility to ensure that food products are sourced domestically. In all cases, the Schools—not the distributor, supplier, or vendor—must determine that the use of a non-domestic food product is appropriate. The distributor, supplier, or vendor may provide information that will assist the Schools in this determination; however, the decision to purchase or accept delivery of a non-US product must be made by the Schools.

Requirements:

The SFA participates in meal programs that require the use of nonprofit school food service funds, to the maximum extent practicable, to buy domestic commodities or products for Program meals. A 'domestic commodity or product' is defined as one that is either produced in the U.S. or is processed in the U. S. substantially (51 percent or more by weight or volume) using agricultural commodities that are produced in the U. S. as provided in 7 *CFR*, sections part 210.1-33. The VENDOR must:

1. Submit certification statements for all processed agricultural products. The VENDOR must provide written documentation to the SFA at the time of delivery for each processed agricultural product certifying that the food product was processed 100 percent domestically and that the percentage of domestic content in the food component of the processed food product is over 51 percent, by weight or volume.

OR:

2. Request SFA approval prior to delivering a nondomestic agricultural commodity or product. If the VENDOR cannot comply with #1 above, the VENDOR must notify the SFA in writing 10 days prior to delivering a nondomestic agricultural commodity or product. This written notification must include the following:

- a) Whether the request to deliver a nondomestic food is because the product is not produced or manufactured domestically in sufficient and reasonably available quantities of a satisfactory quality, or competitive bids reveal the costs of a domestic product are significantly higher than the nondomestic product
- b) The pricing of both domestic and nondomestic products and/or availability data to justify the use of one of the two allowable exceptions

c) A list of alternative domestic substitutes for the SFA to consider for delivery instead of the nondomestic agricultural product

4. Vendor shall comply with all applicable environmental rules and regulations in accordance with federal and state law and local code and ordinance.
5. Vendor shall comply with all rules and regulations regarding conflicts of interest set forth in 2 C.F.R. § 200.318(c)(1); Tex Loc Gov't Code 171.
6. Vendor shall demonstrate the means to avoid unnecessary or duplicative purchases set forth in 2 C.F.R. § 200.318(d).
7. Vendor shall provide data to be used by the Schools to support their official counts for federal funding.
8. Vendor shall grant access to the Schools or any other authorized representatives to any books, documents, papers, and records of the Vendor which are directly pertinent to that specific contract for the purpose of making audit, examination, excerpts and transcriptions.
9. Contract: Unless otherwise specified, this contract shall be valid from **7/1/2021 through 6/30/2022**. This contract may be renewed for up to three additional one-year terms if mutually agreeable to all concerned parties. A sixty (60) day cancellation clause on the part of either party will be included.
10. Penalties: If the Vendor fails to perform and such failure to perform results in the Schools losing federal funds or having to reimburse funds already received, the Vendor shall owe to the Schools the amounts lost by the Schools due to such failure of performance.
11. The Contract will be kept on file for 5 years and will be available for review by the United States Department of Agriculture and the Texas Education Agency and other appropriate State and Federal agencies.

G. Vendor's Fees, Billing & Payment

1. The charge to the Schools for the vendor's per-meal fee is to be clearly identified in the proposal as a total cost per meal for breakfast and a total cost per meal for lunch, as well as seamless summer total cost per meal. The per-meal fee shall include all of the components of the meal and all vendor costs incorporated into that fee.
2. Number of meals will be determined based on the Schools records and the vendor shall bill the Schools for meals ordered.
3. The Schools shall be billed on a monthly basis. Unless a prompt payment discount with a payment term of at least 10 days is offered and accepted by the Schools, payment terms shall be Net 30 days from date of acceptance or receipt of a properly prepared, accurate and submitted invoice, whichever is later.

4. No payment shall be made for meals that are spoiled or unwholesome at the time of service, do not meet the specifications developed by the Schools, or do not otherwise meet the requirements of the Contract, if any, entered into pursuant to this proposal; provided however, that no deduction shall be made unless Schools shall give the vendor written notification of the meal service for which the deduction is to be made, specifying the number of meals for which Schools intend to deduct payment and setting forth the reasons for the deduction. Schools shall provide such notice not later than 5 days after the date the meal was served. The Vendor shall prepare and store at proper temperatures a sample meal for each meal served at the Schools for the number of days chosen for the written notification period to serve as documentation of these criteria.
5. If any invoices presented for payment are not paid within the number of days specified in the Contract, the charges from the invoice may be subject to a late fee, the terms of which must be outlined in the Contract. Any late fees must be paid from the General Fund. **The contract must state that no food service account funds shall be used for payment of interest or late fees.** Interest charged to the Schools by a vendor for late payment of invoices cannot exceed one percent of the balances of the invoice due, per month, as stipulated by State law.
6. Under Federal law, the Schools may not consider proposals that include as a form of payment or compensation to the vendor in which the expenses of the food services accrue to the vendor, in which the payment is based on a cost plus a percentage of cost basis, or in which the payment is based on cost plus a percentage of income.

III. Miscellaneous Provisions

- A. The Contract shall be governed by, construed by, and enforced in accordance with the laws of the State of Texas, without regard to its choice of law provisions. Exclusive venue shall lie in a court of competent jurisdiction located in Harris County, Texas.
- B. If any provision of the Contract becomes or is held volatile of any law or unenforceable, then the invalidity of that provision will not invalidate the remaining provisions.

IV. Contract Management

- A. The Schools will effectively manage the Contract award by ensuring the following:
 - a. The Schools will ensure that the use of nonprofit school food service account funds are compliant with federal, state, and local regulations and guidance;
 - b. The Schools will ensure that all specifications, technical requirements, and terms and conditions of the contract are executed correctly; and
 - c. The Schools will ensure that they do not cover the cost of duplicative services.
- B. The Schools will ensure purchased products and/or services are included in the quantity described in the solicitation and contract.
- C. The Schools will ensure purchased products and/or services are made as described in the contract from the contractor.

By reading and accepting this pre-qualification outline, the interested party acknowledges that the Schools have no obligation to contract unless in their sole opinion, it is in their own best interest to do so.

D. USDA Commodities

- a. The Vendor shall fully use, to the maximum extent possible, donated foods made available by the SFA solely for the purpose of providing benefits for the SFA's nonprofit school food program (7 CFR, Section 210.1-33).
- b. In accordance with 7 CFR, Section 250.53, the Vendor shall comply with the following provisions relating to the use of donated foods, as applicable:
 - i. The Vendor must credit the SFA for the value of all donated foods (including both entitlement and bonus foods) received for use in the SFA's meal service in the school year or fiscal year. The credit must include the value of donated foods contained in processed end products if the Vendor procures processed end products on behalf of the SFA, or acts as an intermediary in passing on the donated foods value of processed end products to the SFA (7 CFR, Section 250.51[a]).
 - ii. The Vendor shall account for the full value of donated foods (7 CFR, Section 250.51) by:
 1. Subtracting the value of all donated foods received for use in the SFA's food service from the SFA's (monthly/quarterly) invoice, and
 2. Using the Average Price File for the school year in which the donated foods are received by the SFA. This listing is available from the USDA Food Distribution web page at:
 - a. <http://www.fns.usda.gov/fdd/processor-pricing-reports>.

- e. The Vendor must use all donated beef, pork, and all processed end products, in the recipient agency's food service, and must use all other donated foods, or commercially purchased foods of the same generic identity, of U.S. origin, and of equal or better quality than the donated foods, in the recipient agency's food service (unless the contract specifically stipulates that the donated food, and not such commercial substitutes, be used) (7 CFR, Section 250.51[d]).
